Get priority support

B Connected Support Service Plans¹

To cater to your requirements we offer two plans:

Essential Plan

Premium Plan

B Connected Software Updates

✓ Yearly Update

✓ Unlimited Updates

Operation Quality Tests

✓ 1 OQ Test

✓ 2 OQ Tests

Technical Support

-

✓ Unlimited

1. Every plan will be linked to a B Connected server installation, to cover more than one B Connected server installation the customer will have to purchase a plan for each. It is possible to have different plans for different B Connected server installations.

°B Connected After Sales Services

°B Connected After Sales Services provide regular maintenance to guarantee the reliability and optimal performance of your °B Connected software.

°B Connected Server Installation Remote or On-Site

Set up

Complete installation for B Medical Systems' °B Connected, device and user notifications, and a virtual training.

°B Connected Device Installation Remote or On-Site

Add your devices

Add any of your devices to your B Medical Systems' °B Connected server.

°B Connected IQ/OQ Remote or On-Site

All good

To ensure the correct installation, we carry out Installation Qualification and Operational Qualification validations.

°B Connected Training Remote or On-Site

Getting ready

Complete training for B Medical Systems' °B Connected Monitoring Software and Data Communication Unit.

°B Connected Update + Backup Remote or On-Site

Stay updated

Keep your B Medical Systems' °B Connected Monitoring Software up to date and back up your data.
